

Maths Facts

Reception – Summer 2

Recite number names in order to 20. Know doubles facts to 5 + 5

By the end of this half term, children should be able to say numbers in order to 20 and doubles to double 5

1 ONE	11 ELEVEN
2 TWO	12 TWELVE
3 THREE	13 THIRTEEN
4 FOUR	14 FOURTEEN
5 FIVE	15 FIFTEEN
6 SIX	16 SIXTEEN
7 SEVEN	17 SEVENTEEN
8 EIGHT	18 EIGHTEEN
9 NINE	19 NINETEEN
10 TEN	20 TWENTY

1	+	1	= 2
2	+	2	= 4
3	+	3	= 6
4	+	4	= 8
5	+	5	= 10

$$1+1=2$$

$$2+2=4$$

$$3+3=6$$

$$4+4=8$$

$$5+5=10$$

TOP TIPS

Little and often is the way to practice – try to practice in the car or walking to school. Once you know them in order, try them in a random order. Use a number line to count on the same number twice

You can try to practice on Numbots in the Stories or Challenges section
